COUNTY GOP TO MEET AT BETHEL AUG. 16

The Oxford County Republican Committee will hold their next meeting on August 16 at the American Legion Home in Bethel at 7:30 p. m.

Refreshments will be served, and a group picture will be taken of all candidates and the county committee members.

At this meeting Elmore Edmunds, County Finance Chairman, will give a complete breakdown of the financial set-up of the county, and the names of all town finance chairmen that have been appointed. Mr Edmunds will tour the county this week and next to call on all town chairmen in order to speed up the finance drive here in the county.

State Republican Chairman Masterman from Bar Harbor will be present at this meeting.

The county candidates who have been invited to this meeting are: Carlton S. Fuller and Henry W. Boyker, candidates for state senator; Rupert F. Aldrich, candidate for clerk of courts; Stuart F. Martin, candidate for treasurer; Emma E. West and Olive Goldthwaite, candidates for register of deeds, East and West; Clark C. Hunt, candidate for sheriff; Sheldon C. Noyes, candidate for county attorney; Ralph Edwards, candidate for county commissioner; and the following candidates for state representative: Reuel O. Moulton, Henry W. Pearce, Eugene H. Dorr, Gordon M. Stewart, Philip H. Lord, John H. Carter, Louis Fontaine, and John Sullivan.

State Committeewoman Gonya and State Committeewoman Smith will also be in attendance at this meeting.

This year there is more active interest in the county than there has ever been due to the current issues involved. The County Committee headed by John Weston, is being tremendously active and this activity is going right down to the town committees. These town committees are organizing all towns into small sections in order that every voting person will be brought to the polls in September. Regular town meetings are being held in most of the towns once a week in order to set up a workable plan for the election. Five important rallies have been set up for Oxford County. The Republicans are on the march this year, and it is their aim that a complete Republican slate be elected even to two state representatives from Rumford.

TRIBUTE TO MRS. WHITNEY

For sixty years Mrs. Elizabeth Whitney lived and worked in our village and we shall miss her while we accept the timely death at the close of a happy and serene life.

Generous with her time and charitable always, her church, her neighbors and her friends will miss her busy hands, her keen wit and her Puritan-like honesty. She scorned a lie and she was above gossip and pretense.

A capable business woman, she filled the office of treasurer of her church club for a quarter of a century, never missed a meeting and was an excellent officer. Her judgement of finances was good. Her tireless hands produced knitting, fancy work, and patchwork of a superior quality and all of this was given to her church.

Blessed with good health, she lived alone in her old home on Hilliard Street after the death of her husband ten years ago and within a few weeks was tripping about her errands, to the library and making neighborhood calls.

Her memory will remain with us and we find ourselves quoting the beautiful scripture lines "He that believeth in Me, though he were dead, yet shall he live."

WESTERN MAINE FIREFIEN

TO MEET AT NORWAY

The W. M. F. A. will hold its August meeting at the fire station in Norway, August 14, at 8 P. M.

Chief Homer Luck and the boys of the Norway Fire Department promise a full evening of business and fun, and have expressed a desire for everyone to attend that possibly can get there.

Members of the local Boy Scout troop at Camp Hinds are: Bertie Hutchinson, Paul Stevens, David Stevens, Reginald Westleigh, Everett Saunders, Gerald Wight, Clark Leighton, Roger Carroll, and Howard Donahue.

MRS. WILLIAM R. CHAPMAN

Mrs. Emma Louise Chapman, widow of Dr. William Rogers Chapman, organizer and director of the Maine Music Festival for 30 years, died Wednesday afternoon at her home after a long illness.

She was born in Chicago Jan. 23, 1888, the daughter of Samuel and Cornelia Faulkner. She was graduated from Dearborn Seminary and on July 19, 1927 married Dr. Chapman.

Mrs Chapman served as president of the Rubinstein Music Club of New York for 30 years. Her husband was the founder of that society and conducted the group for 48 years. Dr Chapman died March 27, 1935.

For many years she was associated with her husband in the direction of music festivals in Maine, New Hampshire, Vermont, New York and New Brunswick.

Mrs Chapman is survived by a daughter, Miss Nellie B. Chapman; her husband, Faulkner; Miss Georgia Faulkner; Mrs. Charles Reed and Mrs. Frank Blasell, all of Chicago; and several nieces and nephews.

Private funeral services will be held at the Greenleaf funeral home at 2 o'clock Friday afternoon, and burial will be in Riverside Cemetery.

CHARLES R. COLE

Charles R. Cole of Greene died suddenly Saturday afternoon in Lewiston shortly after boarding a bus to return to his home. He was born in Stark, N. H., Feb. 9, 1876, the son of Seth and Frances Cole.

Before moving to Greene 30 years ago, where he was engaged in farming, he lived in Bethel for several years and was employed by the Grand Trunk railroad.

He married Cassandra Dorey Lowe, who passed away Nov. 3, 1949.

Surviving are two stepsons, Clyde Lowe of Yarmouth and Allison M. Lowe of Charlottetown, Mass.; a sister, Mrs. Levi Abbott, Percy, N. H.; and a half brother, Jakes Cole, Leland Pond, Vt.

Funeral services were held at the O'Connell funeral home, Lewiston, Tuesday afternoon. Burial was in the Greene cemetery.

Meetings of the local Republican and Democratic town committees have been held during the past week.

Mr and Mrs Orville Atkinson and daughters Marlene and Louise arrived home Friday after spending several weeks with relatives at St. Cloud, Minn.

Mr and Mrs Henry Baker of Native, Mass., and Charles Baker of Hollywood, Calif., returned to their homes last week after a month spent with Mrs. Philip Brooks.

Within a few days a member of Sunset Rebekah Lodge will call on the village for donations for the "pitch till you win" at the Bazaar. Articles appropriate for children and teenagers are desired.

Recent guests of Mr and Mrs Frank Bartlett were Mr and Mrs Chester French of Norway, Eliza Hutchins of Brandon, Vt., and Charles Hutchins of Crown Point, N. Y. The latter will remain at Bethel for several weeks.

O'Neill G. Saunders has recently joined the U. S. Army Airforce and will report to the 9th Infantry Division, Fort Dix, N. J. He is a veteran of four years and 10 months service in the Navy and served six months in the European theater.

Callers at the home of Mrs. and Mr. Harry Bartlett, Berlin, Vt., Mrs. Theodore Wyberg of Ashland, Mrs. George Spositro of Ashland, Mrs. Hannah Wyberg of Northport, Mass.; Mrs. Carrie Bartlett and Mr. Bartlett of East Berlin.

Sandra Sclaraffa was the guest at a party in observance of her tenth birthday Monday at the home of her grandmother, Mrs. Fred Gallant. Guests were Frank and Paul Sclaraffa, Luella Belanger, Harriet Kneeland, Charlene Phillips, Keith Bowden, Gail Hall, Stephen Saunders.

Rev and Mrs. David Hickland of Westbrook and Mrs. Jessie of Johnson, Vt., were guests at the Methodist parsonage over Monday night.

Captain and Mrs. Edward F. Ireland Jr and two children will leave soon for a two years stay in Germany, where Captain Ireland is attached to the Army Medical Corps.

Members of the local Boy Scout troop at Camp Hinds are: Bertie Hutchinson, Paul Stevens, David Stevens, Reginald Westleigh, Everett Saunders, Gerald Wight, Clark Leighton, Roger Carroll, and Howard Donahue.

ANNOUNCE ELECTION OF COL. ALGER TO G. A. BOARD OF TRUSTEES

The Board of Trustees of Gould Academy, Bethel, announce the election of Lt. Colonel James D. Alger, Gould '30, to the Board. Colonel Alger is Assistant to Lt. General W. D. Crittenberger, Chairman, U. S. Delegation, UN Military Staff Committee; Chairman, Inter-American Defense Board; Deputy US Representative, Military Committee and Standing Group, North Atlantic Treaty Organization.

Colonel Alger was the speaker at the last Alumni Luncheon of the Gould Alumni Association where he outlined the aims and purposes of these three organizations.

While a student at Gould, "Jimmy" was not only an outstanding student but was one of the foremost athletes ever to graduate from the Academy being particularly active in football, basketball and baseball. His record was so outstanding that his name has become practically synonymous with good sportsmanship and hard team play at Gould.

Colonel Alger's experiences in military life and his work in graduate school since completion of his work at West Point have kept him in touch with recent and up-to-date methods and problems of modern schools. Gould Academy feels very fortunate that one of its more recent successful graduates is willing to give his time and consideration to the development of his alma mater.

James D. Alger was born March 25, 1912 at Brockton, Massachusetts. He is the son of James H. Alger and Constance Dyce Alger. He attended school in Bridgewater, Mass. and his preparatory education was received at Gould Academy and the Swaely School, Manassas, Virginia. He was appointed to the United States Military Academy by Senator Frederick Hale of Maine and entered the Academy in 1931. He was graduated and commissioned a Second Lieutenant of Cavalry, June 12, 1935.

His early service was with the Eighth Cavalry Regiment of the First Cavalry Division at Fort Bliss, Texas (1935-1938). This service was followed by a two year assignment with the Twenty-sixth Cavalry Regiment (Philippines) at Fort Stotsenburg, Philippines. On return to the United States in 1940, he was assigned to the First Armored Division at Fort Knox, Kentucky. He commanded a tank battalion in the First Armored Regiment of the Division until captured by the German Africa Corps February 19, 1943. He was held in the fighting front of Kasserine Pass, Central Tunisia. He was held in prison camps in Poland and Germany and was released by American forces on April 25, 1945.

Colonel Alger married Miss Conchita Zobely Montoya in Manila, Philippines, July 2, 1946. They have no children.

ROMEO BAKER PASSES

N. J. EMBALMERS EXAM

Romeo A. Baker, who is associated with A. M. Hunyon & Son, Plainfield, N. J., has passed the New Jersey State Funeral Directors and Embalmers examinations. He is a graduate, cum laude, of the M. Allister School of Embalming in New York.

Mr Baker is the son of Mrs. Frank Baker of Bethel and has lived in Plainfield since his discharge from the service in 1943. He served in the Air Force 3 1/2 years, where he was a radio instructor and pilot instructor training Chinese airmen.

Since he joined A. M. Hunyon & Son in 1945, he has been active in civic affairs. He is president of the Plainfield Elks Club and is a member of the Junior Chamber of Commerce, Kiwanis, American Legion, Kenyon Players and Lions.

Mr Baker married the former Miss Jane Hunyon and they have three daughters, Margaret, 6, Linda, 4, and Carolyn, 2. The family lives at 1420 Evergreen Avenue.

A Church Speaks Out

Eighty-seven years ago Abraham Lincoln made the wise observation, "Let the people know the facts and the country will be saved." In any country whose pattern of life is created by the people themselves as is our own Lincoln's statement can be translated into action. In other words, a country endangered can be saved by the intelligent action of an informed people. But getting the facts to the people and having them accepted as a basis for action has become progressively more difficult through the years.

There are some notable reasons for this. The Communists' barrage of propaganda falsehoods hasn't converted many Americans to the hammer and sickle banner but it has served to confuse facts with falsehoods. The outward American boastfulness, with their frankly presented claim that they've got a government ownership and operation of production and distribution facilities, hasn't got in recruiting party members. Not by half-truths, emotional appeal and personal charm, their spell binders have invaded many immature minds especially among the young.

Materialism Is Powerful

A third collectivist movement which has been of some in the affairs of America on political thought for about 15 years has done the most damage in some quarters. It has succeeded in creating a total hostility toward facts, a militant refusal to accept the truth. Its leaders are the economic "planners" or more correctly described as "disguised dictators." They are pushing for a full-blown transformation of our government and way of life. Their brand of disguised collectivism, like every other brand, requires big all-powerful government and regimentation of the people.

They are trying to persuade us that in exchange for various material benefits from the government such as vehicles, money grants and special privileges "all at taxpayers' expense" we should not hesitate to give up a little bit of freedom here and there. This is the same materialism, basically that motivates Communists and Socialists. Make no mistake, it is powerful. It clashes headlong with the spiritual values in Christianity yet it has won enough naked physical force in Russia and her satellites to have already conquered and enslaved a third of the world's population.

Historic Facts

The reason why it has been slowed down in America is the recognition of our unrivaled living standard, created not by government but by a free self-reliant people. Another reason is the Christian origin of America. Our founding fathers built spiritual freedom above material well-being.

General Washington once at Valley Forge started the diet so that we, their descendants, would not be regimented by government.

The religious people of America face a powerful challenge against the political materialism which promises benefits for voters and then creates a government that God neglects and ultimately enslaves the people. Church people generally are aware of the errors when they step in their act public recognition of it by a large nation will demonstrate where a telling show it is. It is startling therefore to read the recent pronouncements of the General Assembly of the Presbyterian Church which states: "It is easier to part."

A Warning

"This Assembly opposes any form of government or any exercise of governmental power which requires the subjects and subordinates of their totalitarian right or granted by the Constitution of the United States." It charged its mem-

No Cured Progressive Alcoholism

GEORGE TEMMEN, JR., New York City, says that six months ago he had to make a choice between progressive alcoholism and a decent, respectable, secure and wholly desirable career as a salesman. For two years past he had been caught in a vicious circle where economic insecurity caused worry; escape from worry was sought in alcohol; and the use of alcohol interfered with his sales and aggravated the economic insecurity.

Well, that was indeed a vicious circle. But let's see whether George Temmen extricated himself.

He says he hasn't the slightest doubt that he was kept on the rolls of the company he was working for because of his family. But he couldn't expect them to bear with him any longer. So when he was told they didn't need his services for any further period, he wasn't surprised, though it did come as a shock. He knew that it would be difficult to find another job anywhere near as good, once a prospective employer learned why the company had let him out. He swallowed his pride and pleaded for a trial contract for another six months. Reluctantly the man before him granted him another chance, but for only six months.

Now it was up to him! He analyzed the causes behind increased drinking. He had never been a problem drinker in the Alcoholics Anonymous sense, but he had been drinking more and more with each passing day.

He decided to give it up for one day. When he took a drink the next day he felt guilty. Next, he decided to ask himself to have a drink and to tell himself "No thank you," as he put his mind definitely on something else. That made it a little easier, strange as it may seem.

He now found that it came a little easier each time to turn himself down. In a matter of three weeks, he didn't want a drink. But he adhered strictly to putting his mind on something else, every time he was in the presence of liquor, or even when he saw a liquor advertisement.

The day he told me his story, his six months' contract had just expired, and, hurray for George Temmen, he had just signed a 10-year contract as sales manager for his company.

ABOVE THE HULLABALOO

BY LYTHE HULL

MAYBE the "party first, last and always" senator from Maryland, Millard Tydings, sincerely believes that the government has been purged of all "tricks" and "subversives." And maybe he is right. He had better be! Today is not the time to tamper with the national security that the party's skirts may be kept clean.

And today is no time for retaining in office any of those responsible for motivating our disastrous policy in China and the far east. Maybe these men are all patriotic citizens, but there are patriotic citizens in the insane asylums, and our far eastern policy has—until recently—been reminiscent of those institutions.

Think what our unbelievable mistakes "if mistakes" they have meant to hundreds of millions of orientals and to hundreds of millions of occidentals. Hark back to Yalta and to that tragic meeting wherein the fate of humanity was sealed by Stalin, Alger Hiss and a tired and sick Franklin Roosevelt, and you will be starting from the foundation of a course of procedure which may go down in history as the greatest setback to man's search for freedom since the barbarian overran Europe in the fifth century.

We say "may" because no one knows today just what the outcome of Russia's acquisition of China portends. At the worst it can start with the fall of Korea and of all southeast Asia, Japan and the Philippines, and then travel west to India and on to the Mediterranean and the North sea. America's fate will then hang in the balance. At the best it can stop right where it is today—and this seems most improbable.

Not all the present threatening situation can be blamed on our far eastern policy, but the acquisition of several hundred million oriental allies will certainly strengthen the foundation of the edifice of world slavery which is the avowed objective of a few power-mad Marxists in the Kremlin and is predicted upon the acquisition of all but the lowest elements of society—and the physical subjection of these.

MENT was born in politics and in a partisan political speech. After

against giving President Truman credit he asks in the 1950 defense bill is just as much window dressing.

The fact is that within the next six weeks, the country will likely be on a full war-time economy basis and the controls now being asked and granted are just the beginning. The President will need and will get all the controls he seeks to mobilize the nation's economy as well as the manpower.

The fight of grocery and other stores due to heavy buying and hoarding of some commodities indicates the need of price controls which will come just as soon as the President deems it necessary to clamp down to avoid inflationary spirals. The chances are the strict controls will not be used until after election unless it is necessary for the national security.

Observers here declare that the Korean affair is the show-down with Russia. They believe that if Russia becomes convinced that this country and the other free nations will see the Korean war through to the end, regardless of cost or that we are ready to fight Russia herself, then Russia may call a full sheet of a general war. Or Russia's aims may include incident after incident in the Korean manner which will keep the United States on a war basis for years. In the hopes that will weaken this country so that we will be a soft touch for the Russian Reds later on.

The job for the American people is to show Russia just how wrong she is and that's a job which takes duty and sacrifice and self-sacrifice.

The hope here in Washington is that the initial of "McCarthyism" to a time of partisan politics to separate of the Tydings committee report will end that would chapter in the history of the country. As been pointed out numerous times, the whole basis of the charges made by Senator McCarthy of Wisconsin against the state depart-

ment to be "ever alert to the methods by which proponents of such a philosophy of government or use of governmental power seek to attain their ends."

The Southern Presbyterian General Assembly also condemned advocates of "politics tending toward political socialism" and contrary to our time-honored principles of "free enterprise" and disassociated itself with any such advocates.

These public pronouncements by a church with nationwide prestige carry the cause of freedom.

They recognize facts and hold up these facts for all to see. Other religious bodies wishing to do something of this nature for their

country and the freedom of their faith might well find an example here.

Really Duplicating

A Senate Appropriations Committee research report recently disclosed that there are 41 separate Government printing and duplicating plants in Washington, D. C., 23 in San Francisco, 20 in Philadelphia, 16 in Chicago, 9 in Kansas City, 8 in Denver, 10 in New York, and so on.

There are more than 1,000 manufacturing establishments in Maine with total employment of more than 120,000.

BETHEL A. C. TROUNCES

ANDOVER, 13-1

The Bethel A. C. trimmed the Andover pastimers at Thurston Field last Thursday night to the tune of 10-1. As his mates secured him a 6-1 lead as early as the second frame Herbie Kiltedge pitched good ball as he allowed but four hits over the seven inning route.

Pete Baker held the offensive spotlight with a double and a home run in three trips to the platter. Pete also continued his iron man stint behind the bat as he has caught every inning of each O. C. L. contest the club has played.

Cyr allowed the B. A. C. only seven hits but he was the victim of shoddy fielding as his fielders committed eight errors and he booted one himself for good measure.

SUNDAY AFTERNOON

Archie Young allowed Peru eight hits and two runs while notching his fourth Oxford County League victory as against one defeat at Thurston Field on Sunday afternoon. Archie struck out six Peru batters and permitted five to reach first base via bases on balls.

Eight hits were the order of the day as the Bethel A. C. collected 10 hits, going for 27 bases from two Peru pitchers. HR: Harry and Dan Merrill hit two doubles each while Ted Bennett, Pete Baker and Bill Kneeland each banged one. John Brown's drive started the eighth entered the base in the sixth with Harry on third base.

Young was kept busy holding his position during the afternoon as he handled seven changes flawlessly.

The Athlete Club is the Guiney

and will play at Andover next

Thursday night.

Happenings That Affect the Future of Every Individual - National and International Problems Inseparable from Local Welfare

In the light of current events, it is interesting to look back about a year, to the time when the headlines were largely occupied with the debate over what kind of weapons we needed, and how the next war would have to be fought. The star of the Air Force was then in its ascendancy, and it more extreme partisans were arguing passionately that the airplane - and most especially jet fighters and the huge intercontinental bombers - could do practically all of the job.

The Navy, the argument ran, would in the future be only a minor, auxiliary service, and should be deprived of most, possibly all, of its own planes and carriers. The tank was obsolete, or nearly so, because

new weapons had made it practically as vulnerable to fire as a tree.

Martin Jackson is calling up the nation's bear traps in preparation for the coming season.

Bear signs are plentiful in the area. Deer are being seen every evening on the Sunday River road.

The Charles Smiths from Englewood, N. J., were guests at the Gilman Camp for a barbecue picnic recently.

Miss Doris Smith enjoyed a lovely ride during the week with Bruce Yatsu on his motorcycle.

THE COUNTRY PRESS SAYS

New Albany, Ind., Tribune: "There are already indications that we are to repeat our actions of World War II when we made runs on the store and shops for items which we were afraid would soon be in short supply - and by our own means brought on the very things we were afraid of."

Corvallis, Ore., Gazette: "Oscar Ewing, one of the prime administrative advocates of socialized medicine, says that the number of people in the United States over 65 years of age has increased from 3,000,000 in 1940 to 11,250,000 at the present time. It is hard to believe that this is possible without the efforts of the socialized planning."

Wilmette, Ill., Pres-Journal: "The presidential Fact-Finding Board recommended a 48-hour week and an 8 per cent an hour wage boost. The railroads agreed. The automen, however, want pay for a 48-hour week while working 40 hours. The switchmen, by their arbitrary action in derailing the nation's transportation industry, are creating support for Senator Donnell's bills to outlaw strikes and lockouts in the railroad industry. Should it come about, strikes like that called by the switchmen will be responsible."

Berea, Ohio, Enterprise: "Even the best spenders in Washington are bit scared, and are resorting to schemes to derive the taxpayer. A couple of their best are to

include in budgets notifications for things to be done, with no appropriation for them. The money will come later after the expenses are contracted for. Another is authorizing of pre-entitlement schemes for small amounts with large potential big appropriations coming up in subsequent budgets."

Lexington, Va., Sentinel: "The Federal government will never be able to economize so long as every congressman is judged by his ability to bring home the bacon."

Justification: They have not so far, and it is evident that it would be a disastrous folly to accept them at their face value.

Finally, the role of the fast soldier has again been all important. Despite all the new and revolutionary concepts yet uttered, the "bloody infantry" has been the quiet of battles in Korea.

It may be that in the future, or in another kind of war if it comes, those new concepts may find a

Nobody's Business

Improvements—new speed limit signs on "Bridge Street," the promise of street signs soon on Main Street as voted at the March Corporation meeting, built up gutters in the vicinity of the post office, newly tarred or "asphalted" roads and streets.

The next few weeks will see great political enthusiasm in Oxford County. A large Democratic vote is expected with a lady candidate for representative to Congress, and the Republicans are girding up to meet the competition. It should be interesting, but don't just stand on the side lines.

A COMMUNICATION

To Carl Brown:
We also have a reply to the letter from Sam Smith in your paper two weeks ago.

We, of the Raiders honestly believe that the people of Bethel and vicinity are 100% for Sunday baseball, horn blowing and all. Most all of our equipment was donated by the good sports and business men of Bethel. We are sure if they didn't want the greatest sport on earth to be played here they would not have donated their money to us. Without it we would not have been a uniformed team today.

In appreciation we are trying to give them the best baseball we know how at any admissions they want to give.

Yours in sports,
Paul J. Salway

MAINE AYRSHIRE ASSN. TO PRESENT CALF TO 4-H

The Maine Ayrshire Breeders' Association will award a purchased Ayrshire calf to an outstanding and deserving 4-H club member of Oxford County at the Oxford County Fair grounds during 4-H Dairy Day. The calf will be selected from the best stock available, announce members of the association, and will be one that any dairyman would be proud to own.

The only requirements made by the association in the selection of the recipient for the calf is that the youngster have an interest in dairy, insure the animal, provide proper care and feeding, inoculate calf for Bang's and T. B., and return the first heifer calf to the association so that it may be awarded to another club member to the county.

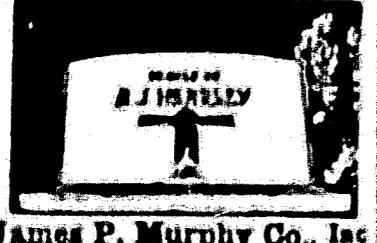

The selection of the 4-H member will be made by Ayrshire Jackson, chairman of the Oxford County Fair Association and superintendent of livestock, the Oxford County Agent, and the Oxford County Club Agent.

This is the first award of its kind made to an Oxford County 4-H member for many years and it is a definite recognition of the interest shown by Ayrshire Association in the future dairymen of the county.
